MORE DETAILS

Sculpt your home's exterior with dramatic beams of light. Sculpt your home’s exterior with a dramatic wash of light. Our 2-Way Outdoor Wall Light casts a warm, welcoming glow both upwards and downwards, transforming any flat surface into a dynamic architectural feature. Its sleek cylindrical form, crafted from robust, weather-resistant aluminium, brings a refined and contemporary aesthetic to your entryway, patio, or garden wall. The integrated LED source emits a gentle 3000K warm white light, diffused through resilient acrylic to create an inviting ambience without harsh glare. This is more than just illumination; it is a statement of minimalist elegance, designed to frame your outdoor spaces and welcome you home with a sophisticated, serene radiance night after night. The light output is fixed at a cosy 3000K warm white, even and flicker-free. Setup is simple: standard connections and everything needed comes included. Specifications: Material: Aluminium + acrylic Dimensions: Ø9 x H11in Light source: LED bulbs Colour Temperature: 3000K (Warm White) Power source: 230V Plug-in (AC) Certifications: CE, UKCA Voltage: 110-240V Available variants:Default Title
