Aluminium Wall Hook Rail

3, 4, 5 OR 6 HOOKS · BATHROOM ACCESSORIES

A single aluminium rail with the hooks set into it, so there is one thing on the wall instead of four. The flat profile sits close to the plaster and the hooks carry a wet towel without bending.

AVAILABLE OPTIONS

Hooks: 3 hooks, 4 hooks, 5 hooks, 6 hooks

KEY FEATURES

MORE DETAILS

Suitable for: bathroom, hallway, kitchen, utility room.

HOW MANY HOOKS

Count what actually hangs there rather than what fits. Two people in a bathroom need three hooks — two towels and a robe. A hallway for a family of four wants five or six. The rail is the same in every length; only the number of hooks changes.
