Anti-Fatigue Standing Mat

120 X 44 CM, BEVELLED EDGES · ANTI-FATIGUE MAT

Made for anyone who works on their feet, this cushioned standing mat adds a softer surface under your standing desk, kitchen worktop or workbench. Its cushioned top encourages small, natural movements as you stand, so you stay comfortable and focused from the first task to the last.

Lay it down wherever you tend to stand for longer periods and enjoy a more comfortable footing throughout the day.
