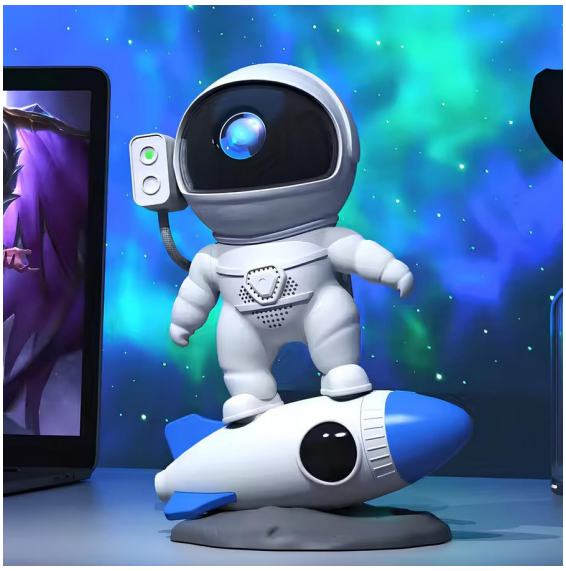
Astronaut Galaxy Projector Light

NIGHT LIGHT



The Astronaut Galaxy Projector Light brings the beauty of the cosmos indoors, transforming any room into a captivating planetarium. It is available in two distinct variants: Galaxy Projection, offering 13 ultra HD 4K space projection films, and Cosmic Audio Projection, featuring customisable lighting, timer, built-in speakers, and Bluetooth connectivity. Both variants share the same sleek, rocket-shaped design that doubles as a multicolor night light, making them stylish and functional centrepieces for any space.

AVAILABLE OPTIONS

Model: Galaxy Projection, Cosmic Audio Projection

KEY FEATURES

ULTRA HD 4K PROJECTIONS
Enjoy 13 high-definition space-themed films that create sharp, vivid galactic scenes, perfect for a relaxing or inspiring atmosphere.

ADJUSTABLE PROJECTION ANGLES
Advanced rotation and focus features allow you to project stunning visuals across walls and ceilings at various angles.

SIMPLE, MANUAL CONTROLS
Operate effortlessly with straightforward, built-in controls, making it easy to enjoy mesmerising displays without extra setup.

CUSTOMISABLE LIGHTING
Tailor your experience with adjustable colour, brightness, and effects via built-in controls, remote, or the Smart Night Light App.

BUILT-IN SPEAKER WITH BLUETOOTH
Enjoy ambient sounds, calming white noise, or your favourite music by connecting via Bluetooth or using 15 preloaded audio options.

TIMER AND VERSATILITY
Set an automatic timer for bedtime or energy savings, and use versatile controls for a truly immersive experience tailored to your needs.

PLUG-IN — NO WIRING NEEDED
Put it in place, plug it in and switch it on. No electrician needed.
