Double-Sided Capsule Wall Light With Round Backplate

WALL LIGHT

The Double-Sided Capsule Wall Light With Round Backplate casts a soft up-and-down glow from a compact capsule-shaped fixture set on a clean round backplate. The double-sided design washes light gently across the wall for a calm, ambient feel, and the iron build gives it a solid, modern finish. Hardwired for a permanent fit, it comes in a choice of soft multi-tone colourways with a warm or white light option.

HARDWIRED FITTING — ELECTRICIAN RECOMMENDED

This light connects to a ceiling or wall light point, not to a socket. We recommend having it fitted by a qualified electrician. The UK wiring colours and step-by-step help are in our installation manual.
