Electric Smart Eye Massager

FOR SCREEN BREAKS · MASSAGER

Take a well-earned break from the screen with this smart eye massager. It is designed for anyone who spends long hours in front of a computer, tablet or phone and wants a moment of calm.

Slip it on during a break, lean back and give yourself a few quiet minutes away from the screen. It is easy to use, so a relaxing screen break is only ever a moment away. This is a comfort product, not a medical device.
