Modern Outdoor Path Light - Matt Black

OUTDOOR PATH LIGHT

A clean-lined path light for borders, driveways and garden steps. Choose the spike insert to push straight into a bed, or the fixed base to bolt onto decking and paving.

AVAILABLE OPTIONS

Size: Small / Insert / Line Voltage, Small / Insert / Low Voltage 12V, Small / Fixed / Line Voltage, Small / Fixed / Low Voltage 12V, Medium / Insert / Line Voltage, Medium / Insert / Low Voltage 12V, Medium / Fixed / Line Voltage, Medium / Fixed / Low Voltage 12V, Large / Insert / Line Voltage, Large / Insert / Low Voltage 12V, Large / Fixed / Line Voltage, Large / Fixed / Low Voltage 12V

KEY FEATURES

SIZE
Available in 3 heights, with a ground spike or fixed base

WEATHER PROTECTION
Line voltage or low voltage 12V, IP65 rated for the garden

SIZE
Three sizes, two base designs - insert or fixed

DETAIL
Line voltage and low voltage 12V options

WEATHER PROTECTION
IP65 weather resistant, anti-rust

BULB & POWER
Energy-efficient LED

HARDWIRED FITTING — ELECTRICIAN RECOMMENDED

- **Two mounting options:** a ground spike that pushes into soil, or a fixed base that bolts to paving or decking.
- **Two supply options:** line voltage, which needs a qualified electrician and buried armoured cable, or low voltage 12V, which runs from a garden transformer and is far simpler to extend yourself.
- **Dimmable on a standard dimmer switch.**
- **The COB LED band is replaceable.**
- **IP65**, rated for year-round outdoor use. UKCA and CE certified, 1 year warranty.

UK wiring colours and step-by-step help: installation manual (PDF).

MORE DETAILS

Available in line voltage or low-voltage 12V, so it drops into an existing garden circuit either way.

- Three sizes, two base designs - insert or fixed
- Line voltage and low voltage 12V options
- IP65 weather resistant, anti-rust
- Energy-efficient LED

WHY CUSTOMERS CHOOSE THIS

- Only 5 cm wide, so it marks the edge of a path without becoming the thing you look at.
- Choose spike or fixed base and line or low voltage - it drops into an existing garden scheme instead of forcing a rewire.
- Three heights let you step the light down a driveway and up towards a door in one consistent family.

HOW IT WORKS

A narrow bollard that marks the edge of a path without becoming the thing you look at. Choose a ground spike for planted borders or a fixed base for paving, and line voltage or a low-voltage 12V run depending on what your garden already has.

DIMENSIONS

Size	Dimensions
Small / Insert / Line Voltage	5 x 28 cm (ground spike 26 cm)
Small / Insert / Low Voltage 12V	5 x 28 cm (ground spike 26 cm)
Small / Fixed / Line Voltage	5 x 28 cm (fixed base)
Small / Fixed / Low Voltage 12V	5 x 28 cm (fixed base)
Medium / Insert / Line Voltage	5 x 37 cm (ground spike 26 cm)
Medium / Insert / Low Voltage 12V	5 x 37 cm (ground spike 26 cm)
Medium / Fixed / Line Voltage	5 x 37 cm (fixed base)
Medium / Fixed / Low Voltage 12V	5 x 37 cm (fixed base)
Large / Insert / Line Voltage	5 x 57 cm (ground spike 26 cm)
Large / Insert / Low Voltage 12V	5 x 57 cm (ground spike 26 cm)
Large / Fixed / Line Voltage	5 x 57 cm (fixed base)
Large / Fixed / Low Voltage 12V	5 x 57 cm (fixed base)

SPECIFICATION

Material	Aluminium
Finish	Matt black
IP rating	IP65
Colour temperature	3000K warm white
Dimmable	Yes, with dimmer switch
Wattage	5 W (350 lm)
Weight	0.5 kg

All dimensions are nominal and given in centimetres. Cables and chains are adjustable and can be shortened on installation.

WHAT'S IN THE PACKAGE

- The path light, in the colour and size you choose
- Mounting plate or bracket with screws and wall plugs
- Integrated LED, so there is no bulb to buy
