Flat Panel LED Wall Light

RECTANGULAR UP & DOWN ALUMINIUM · WALL LIGHT

Light goes up and down from a slim aluminium body, which washes the wall in two directions instead of lighting the room from one point. Small is 7 x 15 cm and large 10 x 20 cm; the small size suits a hallway or a stairwell, the large one a living room wall or a bed head. Four finishes are available - gold, coffee, black and grey - and the light colour is switchable between warm, neutral and white.

AVAILABLE OPTIONS
