Scandinavian Wood Effect Ceiling Light with Brass Frame

CEILING LIGHT

The **Scandinavian Wood Effect Ceiling Light with Brass Frame** is a ceiling light from the Laruya range. It suits dining rooms, living rooms and bedrooms.

At Ø 50 cm it is sized for a room of roughly 10-15 m² - a bedroom, a landing or a small living room. The light colour is switchable between cool, warm and neutral white, plus a 3-colour mode, so the same fitting can read as task light in the morning and as warm light in the evening. It sits close to the ceiling, which keeps headroom free in a room with a low ceiling where a pendant would be in the way.
