Gold Cascading Pendant Light - Adjustable Drop

PENDANT LIGHT

Slim gold arms fan out and drop at different lengths, each one adjustable. Hang them level over a run of worktop or stagger them down a stairwell - the wire on every light shortens independently.

- Warm white 3000K

WHY CUSTOMERS CHOOSE THIS

- A 200 cm drop reaches places a normal pendant cannot - a stairwell void or a double-height entrance.
- Cut crystal on a fine gold cable throws small points of light across the ceiling, not just a flat pool below.
- Hang a pair beside the bed instead of table lamps and you free up both nightstands.

HOW IT WORKS

A single crystal droplet on a fine gold cable with a 200 cm drop, long enough to reach into a stairwell void or a double-height entrance where an ordinary pendant would hang far too short. The cable is cut to length on installation.
