WHY CUSTOMERS CHOOSE THIS

- Colour plus scheduling in one fitting - scenes for the evening, a plain warm white for every other day.
- Nine lengths, so you run a matching line across a stairwell, a hallway and a facade without mixing products.
- Controlled by app or remote and sealed to IP65, so it moves outside as easily as it sits indoors.

HOW IT WORKS

Full colour plus scheduling in one sealed bar. Set a scene for the evening from the app and a plain warm white for every other day; the remote covers the same controls for anyone who would rather not reach for a phone.
