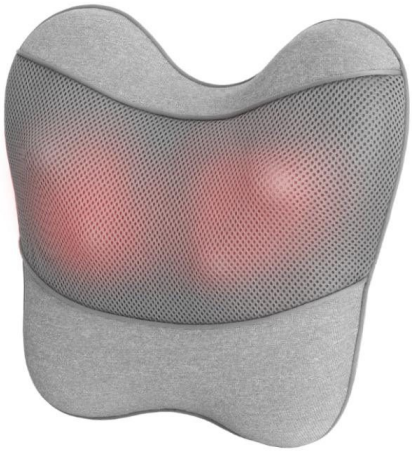
Wireless Heated Massage Pillow

NECK, BACK, WAIST & LEGS · MASSAGER



A wireless, heated massage pillow that brings deep kneading to your neck, back, waist and legs. Its portable, lightweight design means you can enjoy a relaxing massage at home, in the office or on the go.

Rest it behind your neck or against your back and let the tension of the day ease away. Being wireless, it is easy to move from the sofa to your desk or take with you when you travel. This is a comfort product, not a medical device.
