Lumira Dimmable Metal Floor Lamp

FLOOR LAMP

A polished floor lamp with a wide flat shade that spreads light evenly instead of dropping it in a single pool. The chrome finish picks up the surrounding room, which keeps it from feeling bulky.

It stands 145 cm tall with a 36 cm shade on a 31 cm base, so it reads as a reading lamp beside a chair rather than an uplighter. The dimmer runs the full range, which matters with a polished finish: at full output the chrome is bright, turned down it settles. Choose chrome for a lighter look or black chrome if the room already has a lot of metal in it.
