MORE DETAILS

- 7 single colours, 358 light effects
- Remote dimming with memory function
- IP65 weather resistant, anti-rust
- Energy-efficient LED, integrated
- Indoor and outdoor use

WHY CUSTOMERS CHOOSE THIS

- Full colour without the toy look - set one quiet tone and it reads as design, not as a party light.
- Same sealed IP65 housing as the white version, so colour works outdoors on a terrace or facade too.
- The remote covers colour, brightness and effects, so you change the mood without an app or a hub.

HOW IT WORKS

A sealed LED bar with a full colour spectrum. The remote sets colour, brightness and effects; left on one quiet tone it reads as architectural lighting rather than a party light.
