Supportive Back Cushion

COMFORTABLE SUPPORT FOR EVERYDAY SITTING · CUSHION

Supportive Back Cushion | Comfortable support for everyday sitting

A wedge-shaped cushion for sitting up rather than slumping — reading in bed, working on a laptop on the sofa, or propping your knees up at the end of the day. The wedge holds its angle, which a stack of pillows never quite does.

This is a comfort cushion rather than a medical product, and it is not intended to treat or prevent any condition.

AVAILABLE OPTIONS

Colour: Charcoal Grey, Navy Blue, Yellow, Brown, Light Grey, Beige, Purple

Dimensions: 18" x 18" x 8"

KEY FEATURES

WEDGE SHAPE
Keeps its angle instead of flattening out under you

BALANCED FIRMNESS
Firm enough to lean on, soft enough to sit against for a long stretch

USE IT ANYWHERE
Behind your back in bed, under your knees on the sofa, or as a floor cushion

LIGHT AND PRACTICAL
Simple to move from room to room and simple to maintain
