Tower Dehumidifier

2.8L TANK, TOUCH DISPLAY, QUIET RUNNING · DEHUMIDIFIER

Tower Dehumidifier | 2.8L tank, touch display, quiet running

A slim white tower for living rooms and larger bedrooms, with a glossy touch display that shows the room's temperature and humidity at a glance. The 2.8 litre tank means less emptying, and the unit stops by itself when it is full.

• **Made for rooms of 20–30 m² • Large 2.8 L water tank** – with automatic full-tank shut-off • **Touch display** – live humidity and temperature, night mode and light mode • **Quiet at 50 dB or less • 90 W power draw**, with ioniser • **UK plug**

Moisture control for the main rooms of the house, in a form that suits them.

WHAT'S IN THE PACKAGE
