HARDWIRED FITTING — ELECTRICIAN RECOMMENDED

This light connects to a ceiling or wall light point, not to a socket. We recommend having it fitted by a qualified electrician. The UK wiring colours and step-by-step help are in our installation manual.

THE AMBIENCE

Refined, sculptural, and serene — the Velora Travertine Pendant Light embodies the quiet beauty of natural stone. Each piece of travertine is individually selected for its delicate veining and organic texture, softly illuminated to reveal the timeless harmony between light and material. The result is a warm, grounded radiance that transforms any interior into a sanctuary of calm sophistication.

EXPERIENCE & LIFESTYLE

Designed for contemporary homes, boutique hotels, and curated interiors, Velora complements spaces defined by minimalism and natural luxury. Whether suspended over a marble kitchen island, a dining table, or within an intimate lounge, its presence is one of subtle artistry — understated yet unmistakably refined. The natural variations in the stone ensure that no two pieces are alike, lending a sense of individuality to every setting.

NOTE

Please note that slight variations of 1–3 cm in size may occur due to manual measurement. As each Velora Pendant Light is crafted from natural travertine, subtle differences in veining, texture, and small surface cavities are part of the stone’s unique character — no two pieces are exactly alike. Colours in the images may vary slightly due to lighting and screen settings. For safety and best results, we recommend installation by a qualified electrician.
