Wall Shelves 3-Piece

METAL FRAME WITH WOOD VENEER · HOME ACCESSORIES

Three floating shelves on a slim metal frame with a wood veneer surface. Sold as a set, so the three read as one arrangement on the wall rather than three separate purchases.

HOW TO HANG THREE

Staggering them — rather than stacking them in a straight column — is what makes a set of three look deliberate. Leave enough height between shelves for what actually goes on them: about 25 cm for books and bottles, less for plants and small frames.
